PROCEDURE	HACCP TEAM	DATE OF ISSUE: JAN-10-2012	VERSION: 21
		UPDATE: JAN-30-2026	

The Boulart Company has a multidisciplinary HACCP team whose role is to ensure the development, implementation, improvement, and maintenance of HACCP and SQF programs, including the Food Safety Plan. During HACCP meetings, members ensure that the various formulas in the plan are up to date by performing a team assessment on the floor. The forms are then signed by the members to validate their compliance.
